S3 into S4 Course Choice Evening - online

This online event was attended by around 100 people. Mr Reid, Mrs Moretta and Mr Ryalls spoke about the aims of the process as well as supports and the practical information for choosing courses and pathways. There was also the opportunity to ask questions. The S4/5 into S5/6 event is on 10 February. We strongly encourage parents/carers and students to attend these online events to be well informed about course choice. The powerpoint from the S3 into S4 event will be sent to S3s students, parents and carers on Monday.

S2 Construction Skills Day

The Construction Skills Day is designed to introduce young people to the wide range of careers and skills available within the construction industry. Organised by DYW, we were delighted to be joined by Cruden and Skills Development Scotland, who worked with us to deliver three engaging, hands-on activities to over 40 S2 pupils. Throughout the day, pupils had the opportunity to try their hand at: Plumbing, Bricklaying, Flying Drones. A huge well done to all the pupils who took part it was a fantastic day of learning in action, helping young people explore real skills, real careers, and future pathways within the construction sector.

Football Success

U14 footballers edged out James Young HS on penalties to progress to the next round of the plate. PHS won 4-2 on penalties after a thrilling 3-3 draw. Great win!

Athletics success

Jack Foley (S3) and Bella Moran (S4) were selected to represent the East of Scotland in the Inter District XC Championships in Glasgow at the weekend against the North and the West. Both put in a strong performance and Jack Foley came 3rd in his race, helping his team come 1st. Well done!!
